

Con tecnologia al plasma
With plasma technology

Sup. frontale nero, bianco o grigio
Fr/surface black, white or grey

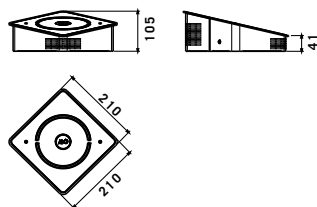

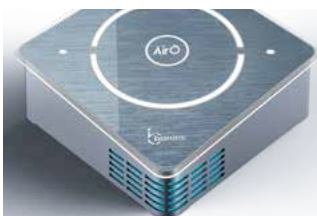

Per superfici fino a 20 m²
For rooms till 20 m²

21x21x10,5 cm

cm 21x21x10,5 – inox, nero – St/steel, black
- **01AIR040BLST**

cm 21x21x10,5 – inox, bianco – St/steel, white
- **01AIR040WHST**

cm 21x21x10,5 – inox, grigio – St/steel, grey
- **01AIR040STST**

- Tasto touch
Touch control
- Con LED dimerabile
With dimerable LED light
- Nessuna manutenzione richiesta
No maintenance required
- Per tutti i tipi di ambienti chiusi
For all closed places
- Compatto, silenzioso, a basso consumo (10 W)
Compact, silent, low consumption (10 W)
- Nessuna installazione richiesta
No installation required

Il plasma freddo è una tecnologia che tramite una reazione chimico-fisica abbate molti composti organici volatili, aiutando a sanificare l'ambiente.

Bambini, adulti, anziani e animali domestici possono ottenere un grande beneficio respirando un'aria più pulita.

Cold plasma is a technology that through a physical-chemical reaction breaks down any compounds volatile organic helping to sanitize the place.

Children, adult, elderly and pets can benefit greatly from breathing cleaner air.
